

Welcome to Meopham Dental Care

Focus on... Dental Therapy

Who?

We are very lucky to have **Sarah Breslin** as our practice therapist. She is an enthusiastic member of the team who joined us on a permanent basis in January 2011 after teaching at Kings College London in 2007.

What is a therapist?

Therapists have a great deal of valuable experience to bring to a dental practice.

Therapists are registered with the General Dental Council and are trained to undertake a full range of treatments:

- fillings on deciduous or permanent teeth
- cleaning and polishing
- scaling
- prophylaxis and fissure sealants
- oral health education
- x-rays
- temporary dressings
- impressions
- emergency treatments

When?

Sarah is at the practice every Wednesday from 8am till 6pm.

You will normally be introduced to Sarah after your initial consultation with Alison. Alison will diagnose any conditions present and also provide a treatment plan to enable Sarah to complete your treatment needs.

Summer straightening offer

For the months of **July, August and September** we are offering a free 'inline' orthodontic consultation (normally £35). Inline invisible braces are comfortable and

work quickly to give you a beautiful smile.

For more information or to book an appointment please speak to the receptionist.

On-site Parking

We are very lucky to have 5 allocated spaces at the practice. These are situated adjacent to the building.

We try our best to keep these free at all times to make it easy for our patients to park.

Please try to avoid parking in the spaces next to the road as these are reserved for the customers of Meopham Fencing.

If you do have any problems please mention this to the receptionist on your arrival.
